

Workman's Compensation Attendance Policy

Your physician feels that you need physical therapy, so it is imperative that you arrive for all your scheduled appointments. In the event you are unable to keep an appointment, it is YOUR responsibility to take the following steps:

1. Contact HealthWorks at 828.369.7878
2. Contact your physician with reasons for the absence
3. Contact your employer or rehab case worker

It is our policy to contact the referring physician and employer with explanations of **any** and **all** missed appointments. Three absences will require dismissal from physical therapy care.

Thank You,
